

IT Support | Hosting | Microsoft 365 | Unified Communications

Hosting

CloudHost Limited provides companies of all sizes professional, yet affordable hosting.

Hosting comes in various different forms from Website Hosting to Dedicated Servers.

Each hosting platform has its own specific merits however by choosing CloudHost as your hosting provider we'll make sure you get the right package for your business.

Hosting

CloudHost offer a wide variety of hosting platforms and packages. If you're looking to simplify and deploy your IT infrastructure in the Cloud then call one of our product specialists today to find out more information or to discuss how we can help you.

WEB

If you have a website, you'll need a webhost. CloudHost offers professional grade web hosting starting at £10 per month. Get a professional SSL certificate to make your site even safer!

EMAIL

Does your organisation want to appear more professional with your own domain name? CloudHost offers Microsoft 365 Exchange Online. Pricing starts from £4 per user, per month.

DEDICATED SERVERS

Dedicated Servers are designed one-way for your own use. You're not sharing the resources with any other company. It's solely yours. Used with IaaS & SaaS environments.

Hosting

CloudHost offer a wide variety of hosting platforms and packages. If you're looking to simplify and deploy your IT infrastructure in the Cloud then call one of our product specialists today to find out more information or to discuss how we can help you.

VIRTUAL PRIVATE SERVERS

VPS are "virtual" meaning they don't physically exist, well they do but virtually within an operating system. Useful again in SaaS & IaaS rollouts. Speak to us today, to find out more!

DOMAIN REGISTRATION

Every business needs a domain, you may have many! CloudHost can take over the management of these domains or register new ones for you for a nominal monthly/yearly fee.
